

# Product IDENTIFICATION

Special identification features enable  
The United States Playing Card Company  
to account for 100% of its casino products.

(Top Card)  
Production ID Card

Edition Number

(Bottom Card)  
Barcode Card

- ◆ The edition number is located on the Ace of Spades & extra bar code card in each deck
  - The edition number tells us: what type of card stock used and when the edition was printed
- ◆ The production identification card is the first card of each deck.
  - This card has a strip in the center with date and time stamp
  - This allows accurate audit specific to the time of finishing each deck
- ◆ There are 2 barcodes in every deck, one on the first card and one on the last
  - Each bar code is unique to the casino and the specific part number
  - The bar code matching also ensures a complete deck.
